CONTENT CREATOR PACK - AUDIO TECHNICA

COMPLETE STARTUP KIT FOR THE DESKTOP BROADCASTER

The Audio Technica CREATOR PACK is an upgrade kit for recording, broadcasting, streaming and podcasting. It includes everything you need to instantly create from your home PC using a select bundle that comes complete with some of the most popular equipment from Audio-Technica and is ideal for improving your content to the highest standard. All professional Talk-show hosts require a side-addressing full sized microphone that is suspended up and over the desk with a boom stand which keeps cables and clutter out of the way and that looks the part too! Monitor grade premium quality audio headphones are circumaural over-ear design for excellent isolation and clarity. Professional grade equipment helps you the creator to take your content to the next level.

Premium Vocals

ATR2500xUSB

Record, Broadcast and Podcast.

This large-diaphragm, side-address cardioid condenser reduces unwanted noise from the side and rear and provides a rich, warm studio sound.

Plug and Play

A USB-C connection, high-quality A/D converter and 24-bit, 192 kHz sampling rate means you're ready to go without any additional hardware.

Monitor Grade

ATH-M20x

The pack includes the versatile ATH-M20x monitoring headphones to help you perfect your sound.

On Air

BOOM ARM

Complete your home-recording setup with a durable metal boom arm and easily installed desk clamp.

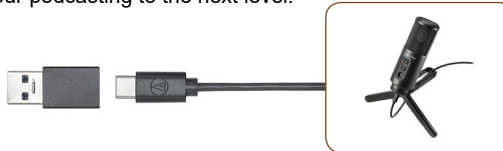

Microphones

MICROPHONE USB CLASSIC BROADCAST - AUDIO TECHNICA

CARDIOID CONDENSER TO USB DIGITAL 24bit / 192Khz ADC

Ideal for podcasting, home studio recording, field recording, and voice-over use, the Audio Technica ATR2500x-USB plugs into your computer or other device, and functions seamlessly with your favorite recording software. This large-diaphragm, side-address cardioid condenser reduces pickup of unwanted sounds from the sides and rear, and is equipped with a high-quality digital converter (24-bit 192 kHz) for excellent fidelity. The mic also has a headphone jack with up/down volume control buttons for direct audio monitoring. The ATR2500x-USB comes with 2 metre cables (USB-C/USB-A), a sturdy tripod desk stand, and a pivoting threaded stand mount that attaches securely to the supplied tripod or to a conventional microphone stand. Take your podcasting to the next level.

CARDIOID DYNAMIC USB-C / XLR MICROPHONE - AUDIO TECHNICA

ANALOGUE & DIGITAL WITH XLR & USB OUTPUTS

The Audio Technica ATR2100x-USB is a versatile content creation microphone, designed for live performance, podcasting, and voice-over use. This rugged handheld microphone offers two outputs: a USB output that connects to your computer or other device for digital recording, and an XLR output that connects to a sound system's conventional microphone input for use in live performance. The microphone offers an inbuilt high-quality analog-to-digital converter (24-bit, up to 192 kHz) for excellent fidelity, and a headphone jack with level control for direct monitoring from the microphone. Its cardioid polar pattern reduces pickup of unwanted sounds from the sides and rear. The mic includes an on/off switch and comes with two 2 metre USB cables (USB-C/USB-A) and a 3 metre XLR cable for maximum versatility. A sturdy tripod desk stand with folding legs is also included for use on tabletops.

HEADPHONES BLUETOOTH - AUDIO TECHNICA

PORTABILITY FOR ON-THE-MOVE AUDIO LOW-LATENCY BT5.0

Experience exceptional sound clarity with Audio-Technica's ATH-S220BT Bluetooth wireless headphones. They feature 40mm drivers that provides powerful audio, and support long battery life at up to 60 hours, are lightweight, relaxed-fit headphones built to provide extended comfort weighing in at just 180g. These headphones feature support for dual connectivity modes via Bluetooth (connect to up to 2 devices simultaneously). Incorporating an abundance of features, the ATH-S220BT headphones are also compatible with both Siri and Google Assistant, so you're able to access your device's speech recognition function at the touch of a button. Receive notifications, send messages and control your audio playback without lifting a finger.

- Up to 60 hours of continuous use on a full charge
- 10-minute rapid charge gives 3.5Hrs use
- Slim housings with sleek, lightweight earpads exert less pressure on your ears for a comfortable fit with good sound isolation
- 40mm drivers provide powerful audio reproduction
- Low latency Bluetooth mode improves synchronicity between audio and video for smooth streaming and gaming
- Multipoint pairing function allows you to stay connected to two Bluetooth devices at once
- High-quality, built-in microphone ensures crystal-clear calls
- Easy-touch buttons in the earcup provide intuitive control of volume, music/video playback, and calls, and give you access to Siri and Google Assistant
- Google Fast Pair lets you quickly pair headphones with an Android smartphone or other device
- Voice guidance function provides helpful notifications, including power and pairing status, and remaining battery level
- Includes 1.2 m cable with in-line mic and control for optional wired connection
