BLUETOOTH CONNECTIVITY

WIRED

A smarter, safer way to use your iPhone while operating a vehicle. Apple CarPlay takes the things you want to do with your iPhone while driving and puts them right on the display of the Aerpro Multimedia Receiver. Simply talk to Siri or touch the Aerpro receiver's display to get directions, make calls and enjoy your favourite music. With the convenience of cable connection, just connect your iPhone and go.

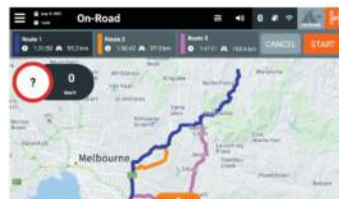

WIRED

A safe and convenient way to operate your Android smartphone in the car. Android Auto brings your favourite Android smartphone apps into one place, making it easier for you to access navigation, media and communication apps on the road while minimising distractions. Simply talk to Google Assistant or touch the Aerpro receiver's display to get directions, make calls and enjoy your favourite music. With the convenience of cable connection, just connect your Android smartphone and go.

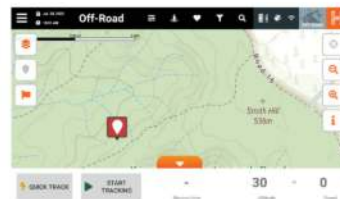

Hema Maps Ready\*

\*Aerpro AMHXD3 Integrated Navigation Module required (sold separately).

## AMHJP1K 10" MULTIMEDIA RECEIVER

WITH APPLE CARPLAY, ANDROID AUTO™ & DAB+

- Complete head unit upgrade solution
- Seamless integration with factory look and feel
- Retains factory steering wheel controls, reverse camera, amplifier and vehicle-to-radio connectivity
- View and adjust vehicle information through customised screens: complete climate controls, real-time performance gauges, tyre pressures, door status, engine status, other vehicle information
- Secure flush-fitted mount withstands rough terrain
- Simple plug & play system for easy installation

### KIT INCLUSIONS:

Aerpro AERA10D 10" Multimedia Receiver  
Aerpro AMHJP1 Total Installation Kit

### IMPORTANT:

Compatible with factory amplified and non-amplified models. In premium amplified systems, only two input channels can be used from the aftermarket radio, therefore there will be no fading capability of the aftermarket stereo.
