

LED MR16 Bulb Series

5.5W lights available in GU5.3 bi-pin and GU10 bayonet models

The ENSA™ LED MR16 bulb series provides an energy efficient alternative to shorter-lifespan, higher energy use halogen MR16 downlights. They are an ideal energy efficient lighting solution in a variety of general purpose illumination applications.

- Available in cool and warm white colour temperatures.
- Excellent low energy alternative to halogen lamps.
- Frosted diffuser delivers soft light and removes LED glare.
- Incredible 10 year warranty with up to 20 year lifespan.*
