

PRODUCT CODE: AMP235

The Amp235 sits at the back of your TV and powers speakers and potentially a sub. You only need your current TV remote to operate it!

It's the best solution for customers who need a simple space saving design. Easily mounts behind flat-screen TVs, to provide better sound. The built-in IR learning function allows the volume to be controlled by your TV's remote, or even other IR control kits.

### Features

- Audio inputs: stereo line level, coaxial or optical (PCM format)
- Outputs: 35W per channel, 1kHz into 4 Ohms
- Speaker out - removable screw-down connector for up to 14AWG wire
- Subwoofer out - (RCA) with integrated 120Hz low pass filter
- IR sensor input: 3.5mm stereo jack
- Amplifier channels: 2 Signal-to-Noise ratio: 90dB (1KHZ) Frequency Response: 20Hz to 20kHz +3dB
- Input impedance: 47K Power
- Requirements: 24VDC 3.75A (external power supply)
- Dimensions (WxHxD): 154x203x30mm
