Professional CCTV Surveillance System: Available with 4 or 8 Full HD cameras

An ideal CCTV package for small business and residential applications. Experience five times the image resolution of standard analogue CCTV surveillance systems.

- Records 2.0MP/1080p (1920 x 1080) at 12fps
- Includes pre-installed hard disk drive
- Backup to USB device or via your local network
- Remote view in seconds with setup via QR code
- Cameras stream at 2.0MP/1080p (1920 x 1080)
- IP67 weather rated metal housing for outdoors
- Up to 50m infrared range and 90° field of view
- Includes all cabling for installation & setup

Live view 4 channels simultaneously in Full HD

Go beyond analogue resolution with HDCVI CCTV

Excellent image performance day and night

Peace of mind with over 2 weeks stored footage

Capable surveillance in all weather conditions

Configure surveillance on your phone in seconds

Packed full of features and possibilities.

The Judge CCTV surveillance system is built for optimal functionality with the following features to protect your business, home and family.

Live view 4/8 channels simultaneously in Full HD

Connect up to four cameras and output to your monitor or television via the recorder's VGA and HDMI video outputs.

Go beyond analogue with HDCVI CCTV

High Definition Composite Video Interface technology enables you to transmit HD video over standard analogue video cable.

Excellent image performance day and night

Even in total darkness, cameras capture clear HD video with an automatic IR-cut filter and 50m range LED infrared array.

Confidence with over 2 weeks stored footage

Maximise your included 1TB HDD storage capacity with H.264 variable-bitrate encoding and motion detection recording.

Capable surveillance in all weather conditions

Perfect indoors or out, the bundled dome cameras feature an IP67 rated metal chassis that is dust tight and weather resistant.

Surveillance on your phone in seconds

Setup mobile remote view on your phone or tablet in a flash by scanning the QR code on your Internet-connected recorder.

Capture more with 1080p Full HD.

Ensure you have the evidence when it matters most with five times the image resolution of standard analogue CCTV surveillance systems.

JUDGE

CCTV SURVEILLANCE

Captured, Caught, Convicted™

Always connected, always secure.
