

Recessed Wall Box with Built-in Cable Management System

MHUB4

For the Best

The MHUB4 is a medium-sized recessed wall box for use with AV, data and power outlets. RP04 features two wall plate installation locations and two integrated brush plates, one with a Clipsal® fitting mech point for cable management and fit-off. Matchmaster's recessed wall box is simple to use with its cut-out template and smart folding wall clips to lock the unit in place quickly. The RP04 is perfect for housing outlet plates such as power, TV, AV, data points and all general-purpose outlets. In addition, it is ideal for use behind kitchen appliances, AV cabinets, flat-screen TVs, bedroom furniture, and any appliance or furniture placed flush against the wall.

Features and Benefits

- » Suitable for residential and commercial buildings with paintable faceplate
- » Compatible with all major wall outlet brands supporting up to two wall plates, plus includes two brush plates and one mech insert to allow for cable pass through and fit off.
- » Designed for 70mm and 90mm wall cavities
- » Quick and easy installation template included for wall cut-out (229mm x 174mm)
- » A simple twist clamp design for easy installation
- » High-quality heat resistant plastic

Power point, HDMI lead, flylead, RJ45 mech, data cables not included.
