

GEP-0520 4-Port Gigabit Ethernet PoE + 1-Port

Product Images

Short Description

1. Minimize carbon footprint with advanced energy efficient technology (IEEE 802.3az)
2. IEEE 802.3af/at PoE compliant to simplify deployment and installation
3. IEEE 802.3af PoE compliant to simplify deployment and installation
4. Auto-detection and protection of non-standard PoE devices
5. Total PoE power budget: 61.6W, up to 15.4W per port
6. 9K jumbo frames to increase data transfer rates
7. 1 Gigabit port and 4 Gigabit PoE ports

Description

The LevelOne GEP-0520(Z) is a high-performance Gigabit PoE Switch with 4 Gigabit PoE ports and 1 Gigabit uplink port. This switch is IEEE 802.3af compliant, and provides power and data over a single Ethernet cable to any PoE device, with total PoE power budget of 61.6W, up to 15.4W per PoE port. Together with Energy Efficient Ethernet (IEEE 802.3az) standard compliant, it substantially low power consumption during periods of low-link utilization. Moreover, it supports Gigabit Ethernet connectivity with 9K jumbo frames for network performing enhancement. Ideal for small businesses that prefer an inexpensive solution for PoE deploying infrastructure.

Additional Information

Power input	48-56VDC
Power Consumption	65W
Max. operating humidity (%)	90
Max. operating temperature (°C)	45
Max. storage humidity (%)	90
Max. storage temperature (°C)	70
Min. operating humidity (%)	10
Min. storage humidity (%)	10
Min. storage temperature (°C)	-40
Jumbo frame (KB)	9
MAC address table	2K
Mount	Desk mount
Power switch	No
Product weight (kg)	0,8
Product breadth (mm)	120
Product depth (mm)	90
Product height (mm)	28
Color	Grey
EAN	4015867158135
Model number	GEP-0520
Package contents	GEP-0520 Netzadapter Quick Installation Guide
Console RJ45	1
802.3af PoE	4
Grade	Business
Manageable	No
Data Rate	Gigabit Ethernet
