

# SeKi

Easy Plus

## Programming

### Step 1

Press and hold button "AV", then keep it and press "VOL-" button.

Press both buttons for at least 5 seconds until the corresponding indicator lights up.

The learning system is on now.

### Step 2

Hold the sending end of the established remote aiming at the receiving end of Seki Easy Plus. (distance 2-5cm)

### Step 3

Press the button of Seki Easy Plus remote control which you want to program.

The indicator will not light.

### Step 4

Press the targeted button of the original remote control.

When receiving the correct data, LED will light for 1 second and then flash twice.

### Step 5

To learn other buttons repeat steps 3+4 until the end of all learning.

### Step 6

When learning is completed, press and release buttons "AV" and "VOL-" at the same time to exit learning state.

**You are done and can now use your SeKi Easy Plus.**

**Copy button for button**
