Unit: mm

Technical Requirements

NO.	Item	description					
1	Electric parameter	Rated voltage:	240V AC	Rated current:	10A	Max power:	2400W
2	Shell	Size:	1U	Material:	aluminium alloy	Color:	black
3	PDU Installation	Horizontal installation					
4	NO.of socket	8*10A AUS socket					
5	Function	2-P switch with built-in 1-P circuit breaker (10A)					
6	Monitoring						
7	Cable	3G1.5 square power cable VDE * 3.2M+10A AUS plug (SAA)					
8	Cable fixed	A4 cable tie					
9	Inner connect craft	The main line is 2.5 square.					
10	Other	LOGO website version number:	WB-120	LOGO process:	silkprint	Product certification:
