

Alarm in the palm of your hand.

Watchguard 2020[™] Wireless Panic Button

Model: ALC-PNB1

The Watchguard 2020[™] Wireless Panic Button is a flat, elegantly designed emergency pendant with plastic keyring which connects to the Watchguard 2020[™] GSM and WiFi alarm control panels.

When the button is pressed, the control panel will alarm and the stored alarm numbers will receive SMS or phone call emergency alerts.

Included features:

- Ideal in elderly or less able bodied care, or in duress applications
- Compatible with Watchguard 2020[™] GSM and WiFi alarm systems
- 315Mhz or 433.92MHz / ABS plastic / uses 1 x CR2032 battery
- 52 x 54.5 x 10mm
