

Resilient mobile surveillance.

Mobile Series: Weather/vandal resistant IP mobile surveillance cam in 4.0MP

Designed for surveillance in buses, trains and other large vehicles, this series delivers high quality footage with true WDR and back/highlight compensation, all in a highly durable casing resilient against water, dust and vandalism.

- Streams up to 4.0MP (2688 x 1520) at 25fps
- 2.8mm F2.0 fixed lens with 104° viewing angle
- Smart infrared illumination up to 30m range
- Back/highlight compensation & true WDR (120dB)
- H.265 encoding for efficient storage & streaming
- 3D digital noise reduction & auto white balance
- MicroSD slot up to 128GB & Power over Ethernet
- Shock resistant housing withstands heavy vibration
- IP6K9K rated to withstand high pressure / steam jet spray and prevents damage from dust and dirt

Efficient Video Storage & Streaming

Double Full HD Resolution

Highly Weather/Dust Resistant Housing
