CRYSTAL 80CH UHF CB RADIO - COMPACT

477MHZ 12V 5W TRANSCEIVER

This high powered unit features the new 80CH UHF Narrow Band. Backward compatible with the standard 40CH UHF (Wide-band). This unit is very compact and features a large LCD display with changeable backlighting colour. The CB radio has a heavy duty die cast aluminium chassis for rugged protection and efficient heat dissipation. It has a 12V line output used for muting compatible stereos when receiving a call from another transmitter. The automatic squelch has adjustable sensitivity control to help filter out annoying back-ground noise. Compact 155x112x55mm. 12Vdc. 5W. 477MHz

DSP DIGITAL SIGNAL PROCESSOR FOR HOME & CAR AUDIO - 4 IN TO 8 OUT

Ease of use has always had its place in the consumer electronics industry. Dayton Audio has now brought to market a digital signal processor (DSP) that combines versatility, incredible sound quality, and ergonomic graphical user interfaces. The most unique feature of the DSP-408 is the ability to use it in a vehicle or home audio system right out of the box. This adaption allows users to use a single model of DSP for all their audio processing needs. For many individuals, the pursuit of perfect sound quality is a never-ending quest. When utilizing all the features the DSP-408 offers, the ability to manipulate and improve the sound quality of your audio system is simply astonishing. With access to all of the following features, perfecting your audio system is just a matter of time. Connect to your DSP-408 and get to work!

Real-time signal processing for ultimate control
Complete audio customization for application specific installations
Easy-to-use Graphical User Interface (GUI)
All eight output channels have a fully adjustable 10-band parametric EQ
Optional Bluetooth dongle (for streaming and app control) and wired remote available

Rugged for Australian conditions

Premium Sony CCD Technology

Live Feed App Controlled

Advanced Driver Warning System

Safety Camera Alert System

GPS Location and speed recording

PC View software with GPS Tracking

SAFETY CAMERA ALERTS

The Safety Camera Alert is an exclusive safety feature from Thinkware to provide continuous warning alerts for photo enforcement locations on your driving routes while recording high quality videos at the same time. With the built-in GPS and safety camera location database, Thinkware Dash Cam actively monitors the vehicle location to inform you of approaching traffic/speed enforcement cameras such as red light cameras and speed cameras along your way. Voice guidance on the dash cam employs a two-step warning system where the first warning will provide distance remaining to the camera location and the speed limit, the second warning will alert you when you reached the exact camera location. This feature alone could pay for itself in one fine. Includes Australian Red-Light, Fixed, Variable and popular mobile trap locations (updateable).

DASH CAM 4K UHD WIFI GPS - THINKWARE U1000

Thinkware 4K UHD front dash cam with SD card. Features industry leading Sony image sensor and supports state of the art video enhancements. Included WiFi for live screen view and playback. With GPS tagging. It supports smart safety alerts and has multiple recording modes to choose from. HWK (Hard-Wire-Kit). Front 64x112x32mm. Rear 56x23x28mm. Optional Rear Camera 2K.

☐ Reversing Cameras - Solar

4.3" DISPLAY WIRELESS SOLAR POWERED REVERSE CAMERA KIT - GATOR

EASY INSTALL SOLUTION FOR MOST VEHICLES OR TRAILERS

Wireless Solar Powered Reverse Camera Kit provides an easy to install solution without complicated intrusive wiring in your vehicle. The solar powered camera has a backup battery so no wiring required. The camera conveniently uses existing number plate mounting for Australian standard and slim plates. Suitable for most vehicles and also being wireless makes them ideal for trailers with an easy install. The compact 4.5" monitor is 12V/24V accessories plug powered with multiple mounting solutions including dash, windscreen and vent mount by simply changing the attachment on the monitor. Transmission is a maximum of around 17M.

- Simple DIY plug and play installation
- Wireless transmission up to a 17.5 metre range
- 4.3" LCD colour monitor provides clear vision from the reverse camera
- Dash, vent and windscreen display mounts included for easy positioning
- Number plate mount camera is suitable for installation on all standard & slimline Australian number plates
- 2100mAh Rechargeable back-up camera battery for nighttime driving
- Integrated solar panels to charge the camera battery in sunlight
- Charge port on camera so it can also be recharged via a USB charger
- Super wide 135° lens angle minimises blind spots at the rear of the vehicle
- Parking Guidelines assist with reverse parking
- IP67 Rated camera will withstand the harsh conditions on the exterior of the vehicle
- The display powers on and off automatically with the vehicle ignition or manual button and times out after 45 seconds

□ GPS Vehicle Tracking

4G GPS VEHICLE TRACKER - RHINOTRACKS

REQUIRES GPS ANTENNA & GSM ANTENNA & 4G SIM CARD

GPS Vehicle Tracker supporting the 4G network. It is suitable for 11V to 36V DC vehicles and designed to keep you informed of where your vehicle is and where it has been. It is an ideal solution for basic fleet, stolen vehicle, auto rental and other vehicle tracking applications. Inbuilt backup battery. There is no ongoing suscription, however you will require a SIM mobile service provider with LTE/WCDMA/GSM/GPRS (not included). Requires external antennas for GPS and GSM (not included). Google maps and Data is accesed via your phone on the cloud.

- Real time tracking
- Geo-Fence
- 4G Network
- S.O.S. button
- AGPS
- Mileage and speed reports
- External power cut alarm
- History reports
- Low battery alert

Code

☐ **Automotive Lighting**

☐ **Light Bar**

LIGHT BARS - LOW PROFILE SCREWLESS ENCLOSURE - OSRAM LEDS

HEAVY-DUTY DESIGN WITH IP68 SUBMERGIBLE GRADE

These LED light bars are suitable for auto, marine and many general purpose lighting applications where high brightness is required. They use the high performance, long life, and highly energy efficient 5W Osram LED chips. The LED light bars feature premium screwless enclosure design which offer a good overall look as well as provide better water protection. The aluminium housing is durable and IP68 ingress rated submersible to 1.5M up to half an hour. They are also coated with corrosion resistance material. Available from 30W to 200W with built-in combination of wide and narrow beam reflectors. On a vehicle, the combination of spot and flood beams provide longer distance and a wider range of illumination. Ideal for 4WD, SUV, work vehicles, Forklifts, Trucks, Excavators, Boats, etc. The finned back allows heat to be dispersed quickly so as to prevent the LEDs from overheating and extend product life. In-built circuitry with wide voltage input allows easy connection to 9V to 36V DC systems. Heavy-duty cord (40cm) terminated to a waterproof DT connector. All light bars are supplied with installation kits which include stainless steel mounting brackets, mounting screws and wiring harness. The light bars are tilt adjustable.

- Power: Available in 30W/50W/100W/150W/200W
- Voltage:9V-36V DC for Car, 4WD, Trucks, Machinery, etc.
- Beam Angle: Combination of wide and narrow beam
- LED: 5W Osram LED 50000+ hours life
- Colour: Cool White (6500K)
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68 Weather proof long life rugged housing
- Single row case is around 50mmØ
- 400mm wire terminates to DT waterproof plug, includes wiring harness with relay and switch.

LIGHT BARS - DUAL ROW SCREWLESS ENCLOSURE - OSRAM LEDS

HEAVY-DUTY DESIGN THATS IP68 SUBMERSIBLE

These dual row LED light bars are suitable for auto, marine and many general purpose lighting applications where high brightness is required. They use the high performance, long life, and highly energy efficient 5W Osram LED chips. The LED light bars feature premium screwless enclosure design which offer a good overall look as well as provide better water protection. The aluminium housing is durable and IP68 ingress rated. They are also coated with corrosion resistance material. Available from 60W to 400W with built-in combination of spot and flood beam reflectors. On a vehicle, the combination of spot and flood beams provide longer distance and a wider range of illumination. Ideal for 4WD, SUV, work vehicles, Forklifts, Trucks, Excavators, Boats, etc. The finned back allows heat to be dispersed quickly so as to prevent the LEDs from overheating and extend product life. In-built circuitry with wide voltage input allows easy connection to 9V to 36V DC systems. Heavy-duty cord (40cm) terminated to a waterproof DT connector. All light bars are supplied with installation kits which include stainless steel mounting brackets, mounting screws and wiring harness. The light bars are tilt adjustable.

- Power: Available in 60W/100W/200W/300W/400W
- Voltage:9V-36V DC for Car, 4WD, Trucks, Machinery, etc.
- Beam Angle: Combination of wide and narrow beam
- LED: 5W Osram LED 50000+ hours life
- Colour: Cool White (6500K)
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68 Weather proof long life rugged housing
- Double row case is 49x72mm
- 400mm wire terminates to DT waterproof plug, includes wiring harness with relay and switch.

Yellow Wire for Amber Beam

Red Wire for White Beam

Requires dual switch wiring kit WK003, sold separate. Some soldering or crimping necessary for installation. Alternatively you can cut the plug and wire it yourself. Switches to White OR Amber (Defaults to Amber).

LIGHT BARS - LARGE PROJECTOR REFLECTORS

- LED light bars are suitable for auto, marine and many general purpose lighting applications.
- These light bars use the high performance, long life, and highly energy efficient Cree LEDs
- Cree LEDs are capable of delivering extremely high light output with over 90% efficiency.
- Constructed with a tough metal housing to protect it from wear, damage and weather.
- Available in 20W to 200W, with wide or narrow beam reflectors or combinations of both.
- For vehicles, this gives a spot light for far ahead and flood light for peripheral illumination.
- Ideal for 4WD, SUV, work vehicles, Forklifts, Trucks, Excavators, Boats, etc.
- Built-in circuitry with wide voltage input allows easy connection to 12V or 24V DC systems.
- Also suitable for buildings, gardens, walk-ways, advertising, etc. (Requires DC power source).
- A mounting installation kit is included with locking angle adjustment. 10mmØ Bolt.
- Optional bull-bar brackets are available using standard antenna mounting solutions.
- 300mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Wide	LED1022-24F
Narrow	LED1022-24S

Supplied with mounting hardware. Requires loom WK001 or WK002. 10cm WK plugged lead included.

24W RECESSED FLUSH MOUNT LED LIGHT

- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 6x 4W Cree LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 1572lm
- Dimension: 80x78x72mm, Flange: 120x90mm
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68

Beam Angle	Code
Wide	LED1022A-18F
Narrow	LED1022A-18S

Flush mount requires mounting screws. Includes an optional base bracket.

27W LED DRIVING LIGHT 105MM

- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 9x 3W Epistar LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 2340lm
- Dimension: 125x106x50mm
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Wide	LED1007-27F
Narrow	LED1007-27S

Supplied with mounting hardware. Requires loom WK001 or WK002. 10cm WK plugged lead included.

27W LED DRIVING LIGHT 115MM

- Power: 27W
- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 9x 3W Epistar LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 2340lm
- Dimension: 128x115x52mm
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Wide	LED2009-27F
Narrow	LED2009-27S

Supplied with mounting hardware. Requires loom WK001 or WK002. 10cm WK plugged lead included.

42W LED DRIVING LIGHT 114MM

- Power: 42W
- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 14x 3W Bridgelux LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 3640lm
- Dimension: 114Ø x 62mm
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Wide	LED2003-42F
Narrow	LED2003-42S

Supplied with mounting hardware.
Requires loom WK001 or WK002.
10cm WK pluged lead included.

48W DRIVING LIGHT 114MM

- Power: 48W
- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 16x 3W Bridgelux LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 4160lm
- Dimension: 114Ø x 62mm
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP68
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Wide	LED1015-48F
Narrow	LED1015-48S

Supplied with mounting hardware.
Requires loom WK001 or WK002.
10cm WK pluged lead included.

48W COMPACT LED DRIVING LIGHT 125MM

- Power:48W
- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 16x 3W Cree LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 4160lm
- Dimension: 125x125x115mm
- Aluminium housing, mounting brackets, screws included
- IP Rating: IP67
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Wide	LED1013B-48F
Narrow	LED1013B-48S

Supplied with mounting hardware.
Requires loom WK001 or WK002.
10cm WK pluged lead included.

51W LED SPOT LIGHT 175MM (7")

- Power: 51W
- Voltage: 10V-30V DC
- Beam: Narrow beam
- LED: 17x 3W Bridgelux LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 4420lm
- Dimension: 175x86x202mm
- Aluminium housing, stainless steel mounting brackets, screws included
- IP Rating: IP67
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Narrow	LED1015B-51W

Supplied with mounting hardware.
Requires loom WK001 or WK002.
10cm WK pluged lead included.

70W LED SPOT LIGHT 140MM (5½")

- Power: 70W
- Voltage: 10V-30V DC
- Beam: Wide or narrow beam
- LED: 7x 10W CREE LED
- 30000+ hours life
- Colour: Cool White
- Brightness: 6790lm
- Dimension: 140x165x96mm
- Aluminium housing, stainless steel mounting brackets, screws included
- IP Rating: IP68
- 200mm wire terminates to WK series plug with 100mm WK female to bare wire adaptor

Beam Angle	Code
Wide	LED1025-70F
Narrow	LED1025-70S

Supplied with mounting hardware.
Requires loom WK001 or WK002.
10cm WK pluged lead included.

☐ LED Light Bars Switch & Mounting Solutions

### WIRING LOOM TO LED LIGHT BAR

3M+3M SINGLE DEUTSCH

12mm ring terminal battery connections. 30A ATC Fuse inline. 40A switching relay. Single loom solution total length is 6 meters. Dash On/Off switch with LED indicators and backing adhesive. 3M lead to battery & relay. 3M Lead to a single 2-pin Deutsch connector DTP Series (or cut to bare wire for custom).
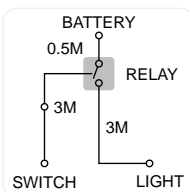

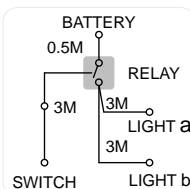

Code
WK001

DTP

WIRING LOOM SPLIT FOR SPOT LIGHTS

3M + (2x 3M) TWO DEUTSCH

12mm ring terminal battery connections. 30A ATC Fuse inline. 40A switching relay. Split wire design. Directly ompatible with cirtain LED Lights (as indicated). Dash On/Off switch with LED indicators and backing adhesive. 2M lead to Battery and Relay. Splits into two separate 2M Lead to 2-pin Deutsch DT connectors.
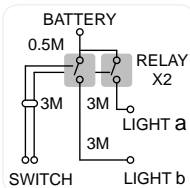

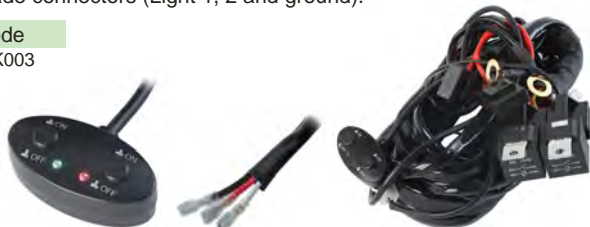

Code
WK002

DT

WIRING LOOM DUAL FOR LED BARS

DUAL SWITCHED 3M + (2x 3M) TWO DEUTSCH

Dual solution for wiring two lights separately switched. 12mm ring terminal battery connections. Two 30A ATC Fuses. Two 40A switching relays. Dual On/Off switch with LED indicators and backing adhesive for dash mount. Switch goes to 3M lead to Battery and Relay then 2M single lead to 3 spade connectors (Light 1, 2 and ground).

Code
WK003

AUTOMOTIVE PLUG IP67 KIT [DTP]

AMPHENOL AT SERIES PAIR KITS - SUIT DTP DEUTSCH PLUGS

IP67 waterproof plug set compatible with DTP Deutsch plugs as used in marine, automotive, industrial, lighting. Up to 13A. 20-14AWG. -55ºC to 125ºC

Pin	QTY	Plug	Code

0 AWG MAXCOR 1500 WATT POWER CABLE KIT

MAKING IT EASIER FOR INSTALLERS

Kit includes many components for automotive amplifier power connection including cable, connectors, distribution block and fuse holder with fuse. Easily achieve professional results.

• Suits monoblock, 2-channel or 4-channel amplifier
• 1500W max power American wire gauge standards (AWG)
• 0AWG TCA Soft touch super flex cable power cable 5.5M
• 0AWG TCA Soft touch super flex cable ground cable 0.8M
• Remote power-on trigger cable (Orange 12AWG) 5.0M
• Pre-attached ring terminals for a secure connection
• 2-way distribution block for two amplifiers if required
• 0AWG fire-wall grommet, cable ties, allen key, etc.
• 200A ANL fuse and fuse holder with clear window
• Distribution block (1 x 0AWG in - 2 x 2AWG out)

Code
MX00

2 AWG MAXCOR 1500 WATT POWER CABLE KIT

• Suits monoblock, 2-channel or 4-channel amplifier
• 1500W max power American wire gauge standards (AWG)
• 2AWG TCA Soft touch super flex cable power cable 5.5M
• 2AWG TCA Soft touch super flex cable ground cable 0.8M
• Remote power-on trigger cable (Orange 12AWG) 5.0M
• Pre-attached ring terminals for a secure connection
• 2AWG fire-wall grommet, cable ties, allen key, etc.
• 180A ANL fuse and fuse holder with clear window
• Distribution block (1 x 0AWG in - 2 x 2AWG out)

Code
MX02

4 AWG MAXCOR 800 WATT POWER CABLE KIT

The MX04 will power up to a massive 800W and includes everything you need to power up an amplifier. If you are looking for an installation kit that offers MAXIMUM performance, you can't go past MAXCOR.
The kit includes;
6M 4AWG power cable,
0.8M 4AWG earth cable,
5M 20AWG trigger cable ,
120A ANL fuse and fuse holder,
cable ties and fitting terminals.

Code
MX04

8 AWG MAXCOR 600 WATT POWER CABLE KIT

The MX08 will power up to a massive 600W and includes everything you need to power up an amplifier. The kit is ideal for those who want to either upgrade their current power cables or already have RCA's and/or speaker cable.
The kit includes; 6M 8AWG power cable, 0.8M 8AWG earth cable,
5M 20AWG trigger cable,
60A ANL fuse and fuse holder,
cable ties and fitting terminals.

Code
MX08

□ Converters / Isolators

FLOATING GROUND ADAPTOR

Converts car stereo outputs that are floating earth (BTL) into common ground for connection to Equalizer/Boosters etc. which have common ground in.

Code
FGA10

GROUND LOOP ISOLATOR

STEREO 2xRCA I/O

Stereo audio 4K Ohm RCA Gold RCA plugs to sockets. Kill buzzes and hum in Car stereo, PA, etc.
Fr = 40Hz-40KHz ±3dB

Code
ES11

AERPRO AP305A
58x48x30mm

Code
AP305A

SPEAKER TO RCA CONVERTER

STEREO ISOLATOR

Connect speaker out wires to a high power amplifier with RCA connection inputs. Total earth isolation with high quality core transformers.
Adjustable output levels 10-80dB
Fr = 10Hz g 50KHz ±1dB
Base 65x90(x28H)mm

Power	Code
30Wmax	AX-HL

2 CH LINE OUTPUT CONVERTER

• 2-Channel
• Step Down Adjustable Channel Gain
• Remote Out Trigger
• Signal Noise Filter
• Super Compact Design
• LED Power Indicator

Code
APHL2MI

2 CHANNEL LOC & RCA LINE DRIVER

Aerpro Line Output Converters (LOC) will convert your existing cars factory head-units high level (speaker output) into a low voltage line level (RCA) output allowing you to add on an aftermarket amplifier to an OEM headunit.

Code
APHL2A

2 CH LINE OUTPUT CONVERTER

• 2-Channel
• Step Down Adjustable Channel Gain
• Remote Out Trigger
• Signal Noise Filter
• Super Compact Design
• LED Power Indicator

Code
AP3042A

6 CHANNEL LINE LEVEL CONVERTER DELUXE

WITH 10 BAND EQUALISER

For use as a high end Hi to Low level converter or OEM integration solution. This item yields superior sonic performance to a standard converter offering higher RCA voltage, less distortion and less hiss. The output equaliser allows you to adjust the equalisation curve to compensate for signal losses associated with the factory head unit outputs to correct and enhance the aftermarket speaker curve.

Code
APHL6EQ

□ Adaptors / FM Transmitters

FM TRANSMITTER AND USB PLAYER

FM transmitter, USB charger & USB/MicroSD music player plus 3.5mm input playback via your car stereo FM radio transmission.
5V 2A USB charging port. Includes a 21 key multifunctional remote control.
3.5mm audio cable included.

Code
FMT225

USB CHARGER WITH FM TRANSMITTER

Charge Your Device While Listening To Your Music Though FM. It Has a Back Lit LCD Display.

Code
ADM200TC

DISCONTINUED

FM MODULATOR IN-DASH INSTALL

RCA stereo input, FM direct inject antenna lead for car radio. Switch between 88.1 and 88.3MHz. 12Vdc in. Plugs inline to car antenna.

Code
AV8FM2

CASSETTE INPUT ADAPTOR

Allows an older cassette car stereo to accept an input from a portable unit Like iPOD®, MP3, etc. Transmits stereo through the Cassette deck. Simple!
Single head works in one direction.

Type	Code
Single Head	HN-1205

Twin head works in either auto-reverse directions.

Type	Code
Twin Head	HN-1206

3.5mm AUDIO to Cassette

☐ Car Handsfree Bluetooth

BLUETOOTH HANDSFREE CAR VISOR - CELLINK

RECHARGEABLE - DUAL PHONE - SUPER SLIM VISOR MOUNT

The simple to use Bluetooth handsfree car kit allows you to make calls or answer your mobile phone in your car without having to hold it. Bluetooth 2.1. Simple single press operation to answer or reject phone calls and a simple operation to dial or redial the last number. It has a loud built-in speaker and mic. Full duplex with echo cancelling and DSP Noise Reduction. It can pair with 2 phones simultaneously with multi-point connection to two phones at the same time. It has a built-in rechargeable Li-ion battery and can last up to 30 hours long talk time and 500 hours for standby. Charger included.

• Last Number redial button
• Call transfer back to phone
• Support voice dialing
• Text to speech modes
• Volume up and down
• Mic mute on/off
• Last number redial

Code
DS4500

☐ Car Handsfree Bluetooth FM

BLUETOOTH FM TRANSMITTER & QC3.0 CHARGE

QC3.0 CHARGER PLUS USB MEDIA PLAYER

Bluetooth FM transmitter for cordless hands-free and stereo media playback. 2x USB with PD3.0 quick charger and USB Media player.

Code
APBT310

BLUETOOTH FM USB CAR CHARGER QC3.0

USB/MicroSD PLAYER

All-in-one Bluetooth Hands-free Car Kit. Play music from smartphone, flash drive or Micro SD card through your car stereo's FM transmission. Also answer calls hands-free. Charger with QC3.0 Fast Charge capability.

Code
APBT210

BLUETOOTH FM TRANSMITTER WITH DUAL USB

5V 2.1A CHARGER & MEDIA PLAYER

Bluetooth FM transmitter for cordless hands-free and stereo media playback. 2x USB with 2.1A charger and USB Media player.

Code
APBT200

BLUETOOTH FM TRANSMITTER WITH PD 3.0

WITH PHONE ANSWER & MEDIA PLAYER

Bluetooth FM transmitter for cordless hands-free and stereo media playback. 2x USB with PD3.0 Type-C quick charger and USB Media player.

Code
APBT230

☐ Car Handsfree AUX

BLUETOOTH AUDIO STREAMING & HANDS-FREE KIT

DIRECT 3.5MM OR EXTENSION BASE

Enables wireless Bluetooth streaming from a smartphone or tablet to any system with an AUX input, including car stereos and home entertainment systems. Features a rechargeable battery up to 6 hours of playback / talk time. Built-In mic to make calls. The kit also includes a micro USB cable for charging and a AUX extension cable with base for convenient mounting.

Code
ABT511

□ Power Automotive   □ 12V Power Converters

24V TO 12V REDUCER

Designed for use in 24 Volt vehicles. Specifically for the installation 12 Volt headunits. It has both a constant and accessories wire, allowing you to retain AM/FM station memory, etc.

• Suitable to run a headunit and a CB Radio
• Easy & quick installation

V in	V out	Current	Code
24Vdc	12Vdc	6A max	AP8286

V in	V out	Current	Code
24Vdc	12Vdc	12A max	AP8287

24V TO 12V REDUCER

• Steps down power from 24V to 12V
• Includes both constant and accessory wires
• Suitable for installing 12V accessories into 24V vehicles
• Over/low voltage, short circuit, over current protection
• Inline fuse protection
• Advanced switch mode design
• Compact and light weight
• IP68 Dustproof / Waterproof
• Easy and quick installation

□ 12V Power Inverters

12V TO 240VAC MODIFIED SINE WAVE INVERTER

Modified sine wave inverter with a single 240V AC socket and supports 600W/800W of continuous power, making it suitable for powering small to medium non-sensitive household appliances including most products that have an external or built-in switch mode power adaptor (i.e TV or laptop). It also features a single 2.1A USB socket which is perfect for charging smartphones, tablets and other USB devices.Simple to install, the inverter connects directly to a 12V DC battery via the supplied 80cm lead.

Pnom	Pmax	Code
600W	1200W	API600W
800W	1600W	API800W

12V TO 240V PURE SINE WAVE POWER INVERTER

INDUCTIVE LOAD COMPATIBLE

Pure Sine Wave Power Inverter providing 240V power from a 12V battery source suitable for powering small to medium sensitive and non-sensitive appliances such as SMP devices (TV, Laptop) and also inductive loads (Fridge, drill, etc.). It also features a single 2.1A USB socket. Circuit protection and has LED indicators to alert you of any potential issues. Simple to install, the inverter connects directly to a 12V DC battery via the supplied 80cm lead with alligator clips.

Pnom	Pmax	Code
600W	1200W	API600P
1000W	2000W	API1000P
2000W	4000W	API2000P

□ Dual Battery Controllers

DC-DC BATTERY CHARGER 12V 25A - INTERVOLT

NEW R2-0 VERSION - SOLAR INPUT & REMOTE DISPLAY

• Designed for Australia's harshest conditions
• The best in-class performance for a charger of this size
• Remote monitoring from the comfort of the driving seat
• Solar input ready. 250W Nom. 27 VOC max.
• IP67 rated, under bonnet charging device is dust and water proof
• The remote display is capable of monitoring two chargers
• Overload and short circuit protection with automatic shutdown
• Over temperature protection with automatic thermal shutdown
• Screw terminated connectors, no glying leads
• No modification to the vehicle's original wiring is required
• Compact design can be mounted in any position 75x112mm²
• Charges battery types: SLA, Absorbed Glass Mat,Gelified, Lead Calcium, etc. and LiFePO4 (with BMS built-in).

Code
DCC1225ACK

INERTIAL SENSE MODULE

Detects movement to initiate the charging cycle. This enables operation in Ignition mode without having to tap into the vehicle wiring system.

Code
ISM001A

12V 100A BATTERY ISOLATOR - INTERVOLT

NEW SOLID-STATE PROGRAMMABLE UNIT

• Clear LED status display and indicators for ease of operation
• 100A continously rated with a genius 500A peak
• Dual sensing allows main battery to be charged from auxiliary
• Output indicator function for convenient in-vehicle monitoring
• Input for in-vehicle remote emergency combine switch (starting)
• Overload and shirt circuit protection with automatic shutdown
• Over temperature protected with automatic thermal shutdown
• Electronics are encapsulated in dust and water proof housing
• Compact design can be mounted in any position
• Heavy duty construction designed for under-bonnet installations

Code
EBI12100A

☐ SLA Battery Chargers

SLA BATTERY CHARGER - ICS1

SUITS SLA VRLA WET GEL AGM EFB

Enecharger ICS1 Battery Guardian - 6V / 12V 1.0A 7 Step Fully Automatic Lead Acid Battery Charger with "Constar" connector leads

- 7 step charging method for 6V/12V Lead Acid, VRLA, Wet, Gel, maintenance free and AGM batteries
- Automatic voltage detection and automatic shut off
- Charges batteries from 4Ah up to 20Ah
- Maintains batteries up to 100Ah
- Reverse polarity protection and spark proof
- LED status indication

SLA / LiFePO4 CHARGER 12V 30A BLUE SMART

BLUETOOTH MONITOR & PROGRAMMER APP

Victron Blue Smart IP22 SLA/LiFePO4 Charger 12V 30A with 1 output. The Blue Smart IP22 professional battery charger features bluetooth. It allows you to monitor voltage and current, to change settings via your mobile phone using the VictronConnect App and bluetooth.

240Vac wall mount battery charger.
Suitable for 12V batteries.
Suitable for SLA, Li-Ion, LiFePO4.
High current charge up to 30A.
Long term standby compatible.
(always connected float mode)
Advanced 6 stage charge cycle.
Bluetooth wireless monitor control
VictronConnect PC/OSX/Android

Code
VECIP22-12/30-1

PHONE NOT INCLUDED

SLA QUICK CHARGER 12V 1A

2 STAGE INTELLIGENT CHARGER

Charges sealed lead acid (recommended up to 12Ah) Fast-Charge 14.4V to 90% then trickle. Alligator Clips.

Volts	Current	Code
12V	1000mA	LAC1201

☐ SLA Battery Testers

12V DIGITAL BATTERY TESTER

SUITABLE FOR TESTING 12V AUTOMOTIVE BATTERIES

- Checks voltage, cold cranking amps (CCA), resistance and overall battery condition
- Continuous testing will not damage battery
- Uses car battery for 12V power, no extra internal batteries needed
- Large backlit LCD screen
- Easy-to-carry and durable design

Code
AE310

BATTERY MONITOR LCD 12V/24V SLA

12V & 24V ADVANCED MONITORING

- Low power consumption (6mA) for long term connection if required
- Backlight Illumination, No internal battery required
- 4 numeric characters to indicate battery voltage
- Symbols to indicate battery & charger status

Code
BT124LCD

BATTERY MONITOR & CHARGER TESTER 12V SLA

Compact size tester. LED battery tester for 12V battery, progressive light bar for showing battery capacity plus a charger check.
Suitable for all range of 12V lead acid batteries.
Charger over-voltage indicates Bad.
Charger under voltage no indication
Charging indicates good.

Code
BT012RB

SMARTSHUNT BATTERY MONITOR - VICTRON

BLUETOOTH MONITOR

The SmartShunt is an all in one battery monitor, only without a display. Your phone acts as the display. Connects inline between battery and load for power usage.

Phone Not Included

□ SLA Battery Chargers - Solar

SOLAR CHARGER MPPT 12V/24V 15A MPPT - BLUE SMART VICTRON

BLUETOOTH REMOTE MONITORING AND CONTROL

A solar charger gathers energy from your solar panels, and stores it in your batteries. Using the latest, fastest technology, BlueSolar maximises this energy-harvest, driving it intelligently to achieve full charge in the shortest possible time. BlueSolar maintains battery health, extending battery life.Solar input up to 75V max. open circuit. 15A charge. 12V/24V.

- Ultra Fast Maximum Power Point Tracking
- Remote Monitoring and Control via Bluetooth
- Intelligent load output function to prevent damage caused by running the battery flat

THE HERBIE CLIP™

SUPERIOR SOLUTION TO METAL CLAMPS

Patented double jaw design for 200psi strength Heat & UV stabilised. Impervious to contaminants. Quicker & easier to fit or adjust than metal clips. Improved safety as no sharp edges to cut operator. Minimal leak path as clamps to a near perfect circle. Fitting & Removal tools available for production use. Carbon based polymer will never rust or corrode. Non conductive so more suitable for cable fixing. No electrolytic reactions with other metals, etc. Over 20 years of field use in many fields & applications. Simplistic, cost effective.

Very Strong and Reliable
Very Fast Application
Nylon Hose Fastener
18 Years Strong
